Preamble

The GUAM FEDERATION OF TEACHERS, Local 1581, of the AMERICAN FEDERATION OF TEACHERS, hereinafter called the “Union” and the GUAM EDUCATION BOARD, GOVERNMENT OF GUAM; herein after called the “Board”, affirm their commitment to providing the best possible education for the children of Guam. This commitment to education, and to the students, their parents, and the community, is the foundation not only for this Agreement, but also for all endeavors of the Board and the Union. The challenges of fulfilling this pledge demand a new level of collaboration among educators as we move out of the past and provide for the future.

The Board and the Union recognize that this shared responsibility can only be met through shared decision-making and the empowerment of all who are involved in education. For our children to become empowered lifelong learners, their teachers must be models of empowerment. Learning is centered in the classroom and the school, and it is the classroom and the school, which must be at the center of all efforts and resources. New styles of leadership from manager and new leadership from educators must develop to fulfill this philosophy.

This document seeks to enable the school system to adapt to change and to provide for a process of continual improvement. It supports and requires constant communication and cooperation between all parties. In an atmosphere of mutual understanding and trust, the Board and the Union hereby make this a formal Agreement.

Article 1: Duties and Responsibilities

1.A Duty Day

- 1.A.1 The school year will consist of 186 workdays or its equivalent, inclusive of 180 instructional days or its equivalent, two parent-teacher conferences days, two-to-nine professional development days, and two teacher workdays.
- 1.A.2 For elementary teachers, the total instructional time, including preparation periods, shall not be more than 900 hours for the school year. For secondary teachers, the duty day shall not be more than seven hours daily.
- 1.A.3 School day is defined as the time from the beginning of the school's first class until the dismissal of the school's last class. In times of unforeseen circumstances which force an early dismissal, a school day shall be considered fulfilled when the school has been in session for at least half of the scheduled school day. Professional development days will be used as make up days, in whole, when instructional hours are compromised.
- 1.A.4 Regular elementary teachers will have a preparation period during the time when the students are consecutively attending Chamorro classes and a class held by a specialist teacher. The specialist teachers and Chamorro teachers will have a preparation period during their duty day (20 minutes for primary and 30 minutes for intermediate per Chamorro/Specialist)
- 1.A.5 Teachers must be on campus a total of 15 minutes distributed before and/or after instructional time school in a distribution determined by a majority vote (50 percent plus one) of the school faculty and administration. Teachers are not required to remain on campus outside of this time, unless for faculty meetings, half-day professional developments, or half-day parent-teacher conferences.
- 1.A.6 Duty station means the area on the campus in which the teacher conducts his/her duties and responsibilities, such as the classroom for instructional faculty, the library for the librarian, etc.
- 1.A.7 Teachers may leave the campus during their preparation period(s) upon providing a purpose that must be directly related to classroom preparation. Notification may be done by signing-out in a school designated logbook. Teachers must sign-in upon returning to the campus. Any misuse or late return may be subject to progressive discipline.
- 1.A.8 Teachers must start instruction at the identified time based on the school schedule.
- 1.A.9 Teachers in the Secondary schools must be at their duty station by the warning bell or school identified indicator that must not be less than five minutes and no more than ten minutes prior to the start of instruction.
- 1.A.10 Teachers in elementary schools must pick up students from the designated area(s) at least five minutes before the start of instruction. Teachers should consider the travel time from the designated area(s) to the classroom to ensure the timely start of instruction.

- 1.A.11 Teachers who will not report to work or will be late for work must notify the Principal or his/her designee no later than one hour prior to the start of duty day, or as soon as possible if circumstances arise that prohibit them to do so before this time. Teachers are not required to sign-in every morning for payroll or accountability purposes. In cases of emergencies or incapacitation, other individuals may make this notification on behalf of the teacher. Forms of communication are limited to phone call, email correspondence, or text.

1.B. Supervision

- 1.B.1 The board and the union agree that creating a supportive learning environment requires effective management in and outside of the classroom. Student safety while on campus is of utmost importance and the largest resource for supervision on any campus is that of the teachers. Teachers are an integral part of ensuring the safety and well-being of students while on campus, including assemblies, recesses, and before/after school. The teacher has a duty of care to the students, which is based on the principle of *in loco parentis*.
- 1.B.2 Teachers are highly encouraged to carry out student supervision during non-instructional time, including, but not limited to, breakfast, recess, breaks, and/or lunch times, in exchange for a duty-free preparation time.

Teachers must be visible in the hallways during transition times to ensure that there is supervision. Students will line up outside of their classrooms before class or until the teacher allows them into the classroom when the tardy bell rings. Teachers who leave their classroom areas must secure and lock their doors until they return.

- 1.B.3 For elementary teachers that are not tasked with supervision at certain times, they must escort their students to the playground, cafeteria, and to the bus depot.
- 1.B.4 Elementary teachers must pick up their students from the playground or cafeteria after the recess and lunch periods, respectively. Other teachers may share the responsibility of picking up students.
- 1.B.5 Teachers must remain with and actively supervise their students during school assemblies. With the approval of administration, teachers may be excused to meet for professional learning communities.
- 1.B.6 Teachers must provide supervision during school-wide activities held on campus during a regular school day.

1.C Leave Policies

1.C.1 Maternity Leave/Paternity Leave: 4 GCA 4107

Maternity/Paternity leave dates shall include the date of birth or adoption. If the event occurred during breaks, as reflected in the school year calendar and exclusive of government holidays and there are no duty days within the span of maternity/paternity leave, this leave shall not apply. If the event occurred and encompasses a duty day within twenty consecutive workdays, those duty days shall be covered.

1.C.2 Sick Leave: 4 GCA 4108

1.C.2.a If a teacher is absent because of illness for four or more consecutive days, the teacher may be required to furnish certification of such illness from a licensed physician. Sick

leave for less than four consecutive days shall not require a physician's certification except for specific cases where a teacher's pattern of sick leave indicates possible misuse of leave. In the latter case, a principal may require such individual to provide a physician's certification of illness if the principal has stated in writing to the individual that such certification will be subsequently required and has outlined in writing the pattern upon which this action is based. If the certification required is not furnished, all absences, which would have been covered by such certification, shall be classified as absent without leave.

1.C.2.b The Department shall provide each teacher with a statement of accumulated sick leave in September and February, unless such information is included on the employee's biweekly pay statements or available for view with an online system (e.g. Employee Self Service).

Leave taken to extend holidays requires at least seven calendar days advance notice. The minimum charge of personal leave shall be one hour and additional charges in multiples thereof.

1.C.3.c Personal leave shall not be used during the first and last week of school year without the expressed written approval of the school administrator.

1.C.3.d A maximum of four percent or two members, whichever is greater, of the bargaining unit may be out on personal leave and administrative leave on the same day. In the event that more than the aforementioned maximum requests personal leave and administrative leave on the same day, it will be the sole discretion of the principal to grant leave in excess of that maximum.

1.C.3.e Personal leave may be revoked by the Superintendent subject to the authority provided by Department of Education Personnel Rules and Regulations. (Ref: Chapter 10 Section 910.002).

1.C.3.f Personal leave shall either be approved or denied within twenty-four hours of the request.

1.C.5.b Unless wrongdoing is suspected, the Superintendent must provide a written revocation to the teacher at least two weeks in advance of taking effect. The teacher has the

responsibility of keeping the Department informed of changes of address and/or residency.

1.C.9.b Bargaining unit members selected by the Union are subject to approval by the Superintendent. Upon return, the recipients of this leave shall, at the very minimum, present a workshop for the remaining members of the bargaining unit. For said leave, the Union shall give the Superintendent a minimum of four weeks' notice in writing. The granting of leave to more than one member of the bargaining unit per worksite, for purposes contained in this section, shall require the written approval of the principal.

1.C.9.c The Union's representative to the Board may be granted administrative leave for the purposes of attending officially sanctioned Board activities or meetings that occur during the duty day. A minimum of 24 hours' notice shall be given, and said leave shall not be unreasonably withheld.

- 1.E.3 Teachers may refer students exhibiting disruptive behaviors who commit major offenses to their school administrators. Teachers shall send a written explanation of the incident or problem to their school administrators at the time of the referral that may include a recommendation for a specific disciplinary action that is consistent with the discipline policies and procedures of the Department.
- 1.E.4 Teachers may request a conference with the parents/guardians of students they refer to school administrators. Teachers shall be given written notification of the action taken by school administrators on referred students by the time the students are returned to class or within one working day of the referrals, whichever occurs first. School administrators shall not return students to class for that period for level two and level three offenses that jeopardize the safety of the class unless the school administrator consults with the referring teacher.
- 1.E.5 During a school-sponsored activity held outside of school hours, supervising teachers shall hold students accountable for adhering to school rules. Teachers who attend these events to support the organization or activity should inform the supervisor of the activity of any inappropriate behavior.

- 1.I.3. A student information system (e.g. Powerschool) will be used as a mechanism of communication for parents regarding student progress. Teachers must update PowerSchool once a week with a grade or an activity/assignment with the exception of those who use standards-referenced grading. If the student information system is unavailable due to technical issues, teachers should make every effort to inform parents of their child's progress as they see fit.
- 1.I.4. Teachers must receive a manual class roster along with the most recent contact information by the second week of classes or by the end of the add/drop period.

4.B. STEP 1 - INFORMAL GRIEVANCE PROCEDURES

4.B.1. Management Responsibility

An employee's grievance may, or may not be objectively justified. What is important is that the grievance is real to the employee. When the grievance is well founded, management has both a duty and a need to eliminate the cause. When the grievance is not well founded, it is equally important to reach an understanding based on the full facts. Therefore, the informal procedure should assure consideration of every employee's grievance with a degree of promptness, sympathy, understanding, fairness, competence, and authority, which convinces the employee that he has been treated fairly.

4.B.2. Settlement at the Lowest Possible Level of Management

The informal procedures should be as simple as possible consonant with bona fide consideration of grievances. It should encourage settlement of matters at the lowest possible administrative level in the shortest possible time and should not, therefore, require any written explanation from the employee. However, the employee may present his grievance under the informal procedures, either orally or in writing, and he should not be prevented from submitting a written explanation if he desires.

4.B.3. Supervisor's Responsibility

4.B.3.a Normal day-to-day discussions between employees and supervisors regarding working conditions and related employment matters are the most constructive and expeditious means of developing and enhancing favorable and effective work relationships.

4.B.3.b Each employee has the right to present matters to his supervisor, and each supervisor has the obligation to act promptly and fairly upon them, seeking the advice and assistance of others when necessary.

4.B.4. Employee's Responsibility

4.B.4.a Each employee is expected to make a concerted effort to achieve informal settlement of his grievance. He should bring his grievance to the attention of management promptly.

4.B.4.b Tolling Period - In counting the number of days for each step, if the last day of the period falls on a weekend or legal holiday, the filing time or receipt time falls on the next

working day.

4.B.5. Using the Informal Grievance Procedure - Step 1

4.B.5.c Form of the Grievance

An employee may present a grievance under the informal procedure either orally or in writing.

4.B.5.d Non-rejection Provision

A grievance may not be rejected in the informal procedure for any reason. If the grievance is not timely or consists of a matter not covered under the grievance system, the employee should be so advised, but he must be allowed to submit his grievance under the formal procedures if he insists.

4.B.5.e Mandatory Use of the Informal Procedure

An employee must complete the informal procedure before GDOE may accept from him a grievance concerning the same matter under the formal procedure.

Article VI Miscellaneous Provisions

6.A Severability

In the event that any portion of this Agreement, in whole or in part, is declared to be illegal, void or invalid by any court of competent jurisdiction, all other items, conditions and provisions of this Agreement shall remain in full force and effect to the same extent as if that provision had never been incorporated in this Agreement, and in such event the remainder of this Agreement shall continue to be binding upon the parties thereto.

6.B Savings

Grievances initiated under the prior Agreement (as extended) and pending on the execution hereof between the parties are saved and may be prosecuted by the aggrieved party as though the prior Agreement is still in force.

6.C Transition

6.C.1 The President of the Union and the Superintendent shall meet regularly to ensure an orderly transition from the prior Agreement to this Agreement. To that end they may from time to time agree to interpretations of language, implementation of provisions and such other matters as will provide for smooth transition.

6.C.2 In accordance with 17 GCA §5119, teachers may elect to be paid twenty-one (21) or twenty-six (26) times in a school year. Past practice has allowed teachers electing 26 paydays to be paid a "summer lump sum" on the last day of school each year.

The Board and the Union agree that the Department is under no obligation to make the "summer lump sum" payment. The Board also agrees that the Department will make every effort to make the "summer lump sum" payment to teachers whose written requests are received by Payroll Section by March 1.

6.D. Collective Bargaining Agreement Process

6.D.1 Duration of Agreement

This Agreement shall remain in full force and effect for a period of three years from the date of its implementation. After the initial three years, either party may give written notice to open negotiations at least 120 calendar days prior to each anniversary date.

Proposed modifications shall be specified in writing. The terms of the existing Agreement shall remain in effect throughout the negotiation process unless an impasse is declared. After 120 calendar days of negotiations, an impasse may be declared. Otherwise, both parties must agree to extend negotiations another 120 days. Any agreed upon language shall undergo the entire ratification and approval process. This will result in a new anniversary date.

If there are no re-negotiations, the agreement will be renewed annually.

6.D.2 Negotiations

Each party shall designate in writing the names of six persons who shall serve on their respective negotiating teams and be empowered to speak for them, and be responsible for negotiations pursuant to the provisions of this Agreement. Each party shall, at the time of the first meeting, designate the person on their team who will be the spokesperson or chief negotiator. If either party

finds it necessary to change members of the team during negotiations, they shall so inform the other party in writing.

6.D.3 Arbitration Clause

In the event the parties come to an impasse on any item covered by this Section, it shall be settled through arbitration. Arbitration shall be tripartite. Each party shall select its arbitrator. The two selected arbitrators shall endeavor to select a neutral third arbitrator. The arbitrators will determine their “rules of arbitration” and thereby render their decision. The arbitrators’ decision shall be binding on the parties, subject to Judicial Review if requested by either party. Each party shall be responsible for the fee of its own arbitrator. The fee/cost of the third arbitrator shall be shared equally by GFT and the Board.
